SUPPLEMENT TO
REPORT NO.

25X1X

1. For the past two months the Zagreb Museum has been engaged in crating its most valuable archives and paintings and shipping them to an unspecified site on the Dalmatian coast.
2. The project has been carried out by the Museum staff and laborers who assist in the packing. The reason for the transfer, as explained by Government officials, is that the archives will be in a safe place in the event of war.
